NOTIFICATION

After introduction of CBCS system, some passed out students of P.G. Departments of this university and Institutions like IMCA, IED, ICMR, RIE, Bhubaneswar very often enquire about the formula for conversion of CGPA to approximate percentage of secured marks as required while applying for higher studies / jobs etc. It is hereby clarified that the issued mark sheets contain both **Grade and Marks** against each paper as well as SGPA and aggregate in each semester. So the approximation formula for conversion of CGPA to approximate percentage is not necessary as the mark sheet speaks the exact percentage of secured marks.
