

## **MISSION AND VISION OF THE COE**

- × Widening of inter-cultural awareness leading to a global-minded perspective.
- × Policies measures on language and cultural diversity.
- × Explore new avenues for language and cultural resource protection, preservation, support, and promotion.
- × Present latest state-of-the-art technological solutions for language documentation, protection, access and promotion.
- × Development, application and promotion of language and cultural resources.
- × To provide an institutional framework designed to heighten collaboration between the involved units and maximize the use of available resources.
- × Language preservation and acquisition, to strengthen general and subject specific communicative and expressive skills in the languages under study.
- × Promote inter-cultural and cultural exchange activities.
