Semester-I (2025-26)

Lecture Schedule

| <u>UNIT/TOPIC</u>                                               | <u>TEACHER</u> | <u>MARKS</u> |
|-----------------------------------------------------------------|----------------|--------------|
| <b>Paper- GEOG1-CO1: Geographical Thought</b>                   |                | 100          |
| I-Meaning, Nature and Scope, approaches                         | Dr. A.C. Pathy |              |
| II-Contribution of Kant, Humboldt and Ritter etc.               | Dr. A.C. Pathy |              |
| III-Conceptual and Methodological Development                   | Dr. A.C. Pathy |              |
| IV-Applied Geography                                            | Dr. A.C. Pathy |              |
| <b>Paper- GEOG1CO2: Germorphology</b>                           |                | 100          |
| I- Fundamental Concepts etc.                                    | Dr. A.C. Pathy |              |
| II- Concept of Isostasy                                         | Dr. A.C. Pathy |              |
| III- Fluvial Landforms                                          | Dr. R. Khatun  |              |
| IV- Wind Action and Landforms                                   | Dr. R. Khatun  |              |
| <b>Paper- GEOG1CO3: Geography of India</b>                      |                | 100          |
| I-Physical Base                                                 | Dr. R. Khatun  |              |
| II-Agriculture                                                  | Dr. R. Khatun  |              |
| III-Population and Economic Development                         | Dr. R. Khatun  |              |
| IV- Natural Resources and Industries                            | Dr. R. Khatun  |              |
| <b>Paper- GEOG1CO4: Economic Geography</b>                      |                | 100          |
| I-Definition and Concept                                        | Dr. A.C. Pathy |              |
| II-Geography of Resources                                       | Dr. A.C. Pathy |              |
| III-Location of Economic Activities                             | Dr. K.M. Sethy |              |
| IV- Transportation and Economic Development                     | Dr. K.M. Sethy |              |
| V- Agricultural and Industrial Regionalization                  | Dr. K.M. Sethy |              |
| <b>Paper- GEOG1CO5: Quantitative and Statistical Techniques</b> |                | 100          |
| I- Measures of Central Tendency                                 | Dr. R. Khatun  |              |
| II- Concept of Probability Distribution                         | Dr. R. Khatun  |              |
| III- Hypothesis Testing                                         | Dr. R. Khatun  |              |
| IV- Indicators and PCA etc                                      | Dr. R. Khatun  |              |
| V- Sampling Techniques                                          | Dr. R. Khatun  |              |
| VI- Demonstration and Use of SPSS Soft Ware                     | Dr. R. Khatun  |              |
| VII- Seminar presentation and Report                            | 15% Marks      |              |
| VIII- Practical Record and Viva                                 | 15% Marks      |              |

Semester-III (2025-26)

Lecture Schedule

| <u>UNIT/TOPIC</u>                                                | <u>TEACHER</u> | <u>MARKS</u> |
|------------------------------------------------------------------|----------------|--------------|
| <b>Paper- GEOG3-CO1: Quantitative and Spatial Method</b>         |                | 100          |
| I-Morphometric Analysis of Fluvial Landscape                     | Dr. A.C. Pathy |              |
| II-Mapping Vulnerability                                         | Dr. A.C. Pathy |              |
| III-Study of Rural and Urban Settlement Pattern                  | Dr. A.C. Pathy |              |
| IV-Network Analysis of Transport                                 | Dr. K.M. Sethy |              |
| V-Agricultural Efficiency etc.                                   | Dr. K.M. Sethy |              |
| VI-Population Projection                                         | Dr. K.M. Sethy |              |
| VII-Practical Record and Viva                                    | 10% Marks      |              |
| VIII-Term Paper and Seminar Presentation                         | 15% Marks      |              |
| <b>Paper- GEOG3CO2: Oceanography</b>                             |                | 100          |
| I- Nature and Scope of Oceanography                              | Dr. R. Khatun  |              |
| II- Composition of Sea water                                     | Dr. R. Khatun  |              |
| III- Ocean Circulation                                           | Dr. R. Khatun  |              |
| IV- Sea level Processes                                          | Dr. R. Khatun  |              |
| <b>Paper- GEOG3CO3: Basics of Remote Sensing and GIS</b>         |                | 100          |
| I-Basics of Computer                                             | Dr. A.C. Pathy |              |
| II-Remote Sensing                                                | Dr. A.C. Pathy |              |
| III-GIS                                                          | Dr. A.C. Pathy |              |
| IV- Exercises on RS and GIS                                      | Dr. A.C. Pathy |              |
| <b>Paper- GEOG3FEO4: Research Methodology</b>                    |                | 100          |
| I- Concept and Definition                                        | Dr. K.M. Sethy |              |
| II-Selection of Research Topic                                   | Dr. A.C. Pathy |              |
| III-Coordination Schema                                          | Dr. K.M. Sethy |              |
| IV- Literature Review etc.                                       | Dr. A.C. Pathy |              |
| <b>Paper- GEOG3FEO5: Natural Hazards and Disaster Management</b> |                | 100          |
| I- Concept of Natural Hazards and Disaster Management Cycle      | Dr. R. Khatun  |              |
| II- Types, Occurrence and Characteristics of Disasters           | Dr. A.C. Pathy |              |
| III- The Concept of Vulnerability and Risk                       | Dr. R. Khatun  |              |
| IV- The Disaster Management Cycle                                | Dr. A.C. Pathy |              |
